

Competition for a scientific scholarship from the National Science Centre

Funding: National Science Centre Poland, OPUS-17

Project ID: 2019/33/B/ST10/03016

Project Title: Sulfide differentiation and enrichment in metals at the lower oceanic crust and crust-mantle transition zone: ICDP OmanDP holes

Project summary on the NCN website: <https://projekty.ncn.gov.pl/opisy/446783-en.pdf>

Principal Investigator: dr Jakub Ciężela

Application deadline: 24.11.2023

Recruitment results: 27.11.2023

Start of the scholarship: 1.12.2023

Duration of employment in the NCN project: 2 months

Remuneration: 2000 PLN/month

Location: Institute of Geological Sciences, Polish Academy of Sciences, Wrocław, Poland

We offer:

- Work in the leading geological institute in Poland
- Remuneration paid as a scholarship for the duration of the project (2000 PLN/month for 2 months)
- Office desk and a notebook for work
- Possibility to apply for additional internal and external funding to extend the time or amount of the scholarship

Requirements / Expectations:

- BSc or MSc degree in geosciences until 30.09.2023
- Determination to pursue a scientific career in the future
- Passion for your research topic that enables you to work exceptionally hard
- Ability to work both independently and in a team.
- Documented experience in other national or international-level geological projects
- Experience in research verified through being an author or co-author of a conference abstract.

Duties / Responsibilities:

- Optical microscopy investigation of mafic and ultramafic rocks
- Sample preparation and geochemical analyses
- Help in purchasing items needed for the realization of the project
- Drawing scientific figures
- Participation in the preparation of conference abstracts and publications

Required documents:

- A copy of the **bachelor's or master's diploma**.
- A **list of the university marks** obtained during the first or second-degree studies
- A **curriculum vitae** completed with information about the education and employment career
- Confirmation of student status can should be provided at the beginning of the scholarship and every 6 months during the scholarship.

Form of submitting documents:

Applications should be submitted by 24.11.2023 to the principal investigator of the project, Dr. Jakub Ciężela, via e-mail: j.ciazela@twarda.pan.pl. For any additional information, please contact Jakub Ciężela.
