

**INSTITUTE OF GEOLOGICAL SCIENCES, POLISH ACADEMY OF SCIENCES ANNOUNCES THE
COMPETITION FOR THE TWO POSITIONS OF THE RESEARCH ASSISTANT**

INSTITUTION: Institute of Geological Sciences, Polish Academy of Sciences (IGS PAS)

LOCATION: Warsaw, Poland (Uranium and Stable Isotopes Laboratory LUIS)

POSITION: research assistant

DISCIPLINE: geology

APPLICATION DEADLINE: **15.03.2024**

WEBSITE: www.ing.pan.pl

KEY WORDS: isotope geochemistry, geochronology, paleoenvironment, mass spectrometry

DESCRIPTION OF THE POSITION

A successful candidate will be working in the Uranium and Stable Isotopes Laboratory on projects focused on U-Th dating, palaeoenvironment reconstructions, or environmental studies. The position will cover laboratory activities both analytical and technical, organization and workflow issues, grant applications, cooperation with other team members, scientific results interpretation, and writing scientific publications.

The employment starts no later than April 2024.

BENEFITS AND CAREER PROSPECTS (what we offer)

- work in active research group with broad research profile;
- full-time job contract;
- remuneration based on our *Remuneration regulations*;
- other non-financial benefits like: MultiSport membership card, medical care package;
- comprehensive social benefits;
- professional development: participation in various courses, workshops, trainings
- co-funding for cultural and sports activities

REQUIREMENTS

1. Master's degree in Earth Sciences;
2. Good command of spoken and written English, at least basic ability to communicate in Polish;
3. Experience in sample preparation for uranium-thorium dating, including work in clean lab conditions;
4. Experience in mass spectrometer measurements;
5. Ability to prepare grant applications and report research results in the form of scientific articles supported by a relevant publication record;
6. Strong motivation to work as part of a team and to advance scientific development in the field of geochronology and environmental geochemistry.

REQUIRED DOCUMENTS

1. Application/motivation letter covering the required skills and experience;
2. Curriculum vitae;
3. Copy (scan) of the MSc diploma or any other document confirming the obtained MSc level (required at the date of employment);
4. Other evidences of qualifications (optional).

5. GDPR clause and consent for recruitment purposes – available [here](#) (second form on the list to download, near the bottom of the page)

EVALUATION PROCEDURE

The position is to be filled no later than April 2024.

A strong record of research activities in geochronology, mass spectrometry and laboratory experience relevant to the position will be the preferred criterion for the successful candidate selection. The applications will be assessed by an independent evaluation commission, whose responsibility will be to rank the candidates according to their merits and potential. Based on this assessment, IGS PAS will sign the contract with the successful candidate.

CONTACT

Please send your application documents (with **competition code: LUIS2024**) by email to: m.godzwon@twarda.pan.pl by 15.03.2024. We will contact only the selected candidates no later than 29.03.2024.

For additional information contact Dr. hab. Michał Gąsiorowski: mgasior@twarda.pan.pl.
